## EVENT DETAILS

### WELCOME

It is with great pleasure that I welcome you to Echoes of War 2. This is the 2nd Echoes of War and we would like to start by thanking all those who have attended past events we have run for their continued support. We are hoping to make this year's event the best yet!

### TOURNAMENT FORMAT

The event will be 2000 points and will run Warhammer 40K Matched play straight out of the book with some minor changes as shown below.

- In a mission that requires objective markers you must use markers that are no bigger than 2" in diameter. Additionally, when measuring distances to objectives use the full size of the marker rather than just the centre of the marker.
- Terrain will be pre-set by the judges, we aim for 3-4 large line of sight blocking terrain pieces along with some smaller blocking terrain and area terrain on each table. The first round is drawn randomly, we will avoid pairing up club mates as long as you have stated in your list submission email what club you are a part of. After this, the remaining 4 rounds will be using the Swiss Chess system. You must not play the same player twice, if you are drawn against someone who you've already played then let the tournament organisers know and they'll swap you with a player on the next table.

### MODELLING AND PAINTING REQUIREMENTS

All models must be painted to a 3-colour minimum and based in order to be used at the event, any models found to not meet this criteria can be removed from any game by a judge. Clear bases such as those found on skimmer models do not have to be painted and/or based in order to count as finished.

All models are expected to be WYSIWYG to a reasonable standard (exceptions will be made for themed units or armies) and using the bases provided when purchased. Using a proxy model is not allowed. Using a reasonable substitute to "Counts As" another model, does not violate our policy.

When using detachments in your army that contain models with different <Bracket> Faction keywords, then they must be easily distinguished from other, similar faction models. Example: Your army has a detachment of White Scars Adeptus Astartes and a detachment of Ultramarines Adeptus Astartes. The models in these different detachments must be easily identified by your opponent. An example of this would be painting the White Scars white and the Ultramarines blue so your opponent can easily identify which units belong to which detachment. It is not acceptable to have an army with multiple detachments of Space Marines painted in the same scheme wherein some of them are using different <bracket> faction keywords.

## GAMING

### ROUND TIMINGS AND GAME LENGTH

As you have probably noted, there is a strict timetable we need to adhere to. This will ensure that the event will run smoothly and people are able to leave in a timely fashion. In addition, Warhammer 40K is a game of 5-7 equal turns. Failure to complete a game can result in the frustration of your opponent, advantages that

## Vale Renegades

would not normally have been gained and a general sense of annoyance about the game. Whilst we are aware that most players do finish their games on time occasionally this does not happen. To this end Come the Apocalypse has four provisions regarding the round timings and game length:

1. Announcements will be made throughout the round indicating the amount of time remaining. At this stage, we would strongly suggest that you complete your game, ensuring that equal turns have been played and to then submit your results. If you fail to hand in the results slip on time, you will be given a warning. If you fail to hand in the results slip a second time, your score (for both players) will be reduced to zero.
2. If a referee asks you to stop playing, and this request is refused, then both players will have their score for that round being reduced to zero. In addition, at the absolute discretion of the organisers a further point's penalty may apply to your tournament score.
3. On the score sheets will be a box to indicate the number of turns played. If a player fails to complete at least 4 turns in more than 2 games they will receive a point's penalty on their tournament score equal to 1 point for every turn that they have failed to complete during the event. This will of course be ignored if a game ends prematurely due to sudden death.
4. Notwithstanding the above; if a referee feels that a player is deliberately playing slowly despite warnings then they may be liable for a point's penalty.

We appreciate that the above may seem harsh and draconian, but the issue of incomplete games is becoming a hot topic at several tournaments. If you have any concerns with the speed at which your opponent is playing, please do not hesitate to come and speak with us and we will attempt to resolve the matter before it becomes a problem.

### **SPECTATORS RULING**

To ensure all players have an enjoyable experience we are putting a restriction on spectators, you will be allowed to spectate on a game but for no more than 15 minutes to ensure the players don't feel ganged up on and can enjoy the company of their opponents. This is also to ensure that we have the games being able to go the full distance in turns to get a fair and proper result.

### **FAIR PLAY CARD SYSTEM**

A fair play card system will be in place to avoid any unfair play and resolve disputes fairly and properly, this is only to ensure that everyone enjoys the games they're playing and we keep the tournament played in the right spirit. We want all players to have an enjoyable weekend with no sign of cheating in any game and this system we believe will help achieve that. The 3 cards being used are orange, yellow and red and each card is explained below:

#### **Orange Card**

You will be given an orange card if any player complains about foul play or very unsporting behaviour (we urge players to talk to each other first about any issues rather than contacting a judge as we're all adults and should be able to resolve most situations ourselves). If we think a player is over complaining then this could resolve in them receiving an orange card so please don't report anyone unless you really have to. This card will not affect your tournament score but it will mean that the judges will be watching your game more closely to ensure the foul play does not continue.

#### **Yellow Card**

This will be issued if a problem persists from an orange card. A yellow card is more serious than an orange card and your goal as players is to stay very far away from being yellow carded. Once a yellow card is issued a player will have a 10 point deduction from their tournament score and will be watched closely for the remainder of the tournament.

**Red Card**

This is a last resort if all other cards fail to resolve a problem. A red card will mean ejection from the tournament immediately.

**SCORING**

**SUMMARY OF POINTS**

Area	Maximum
Gaming	150
Painting	20
List Submission	30

**PRIZES**

The following prizes will be on offer at this event:

Overall Tournament Champions	1 <sup>st</sup> Place Overall on Tournament Points
Overall Tournament Runners-up	2 <sup>nd</sup> Place Overall on Tournament Points
Best Sport (Individual)	Highest Overall Player Sports Score
Best Painted Army (Individual)	Highest Overall Painting
Wooden Spoon	Last Place Consolation Award

If a player wins 3 or more prizes we will give them the choice of which 2 to win and award the other award to the next in line. This is to ensure we have more winners at the event to keep in line with the fun approach of our events.

**SPORTSMANSHIP**

During the tournament no sports scores will be used. Instead when you are handing in your final rounds scores we will need you to fill in your best sports slips provided in your player packs and nominate your 2 best sports. A 1st place vote earns a player 10 sportsmanship points and a 2<sup>nd</sup> place vote earns a player 5 sportsmanship points. Should you have any issues with your opponent or would like to speak to the tournament organisers about your game, please approach a tournament organiser or come to the Scoring Station after your game.

**BEST PAINTED ARMY**

During lunchtime on Sunday players will be asked to set up their army. All players will be asked to vote for their 1<sup>st</sup> and 2<sup>nd</sup> favourite army using the voting slip provided in their player packs. A 1<sup>st</sup> player vote earns a player 10 painting points and a 2<sup>nd</sup> favourite vote earns a player 5 painting points. The player whose army gets the most votes will win the best painted army award.

**PAINTING MARKING**

There are 20 tournament points awarded for painting. The following will be awarded to each player for painting:
